

What is the...

Women's Sports ***HERSTORY*** Museum

Learn the stories of women who have gained opportunities to become proven winners in their areas of expertise, on the ice or on the field through this educational and inspirational self-guided digital museum. Their stories speak to how they have achieved greatness through hard work, against the odds through the support of mentors, the change in gender inequities and policies including Title IX of the Education Amendments of 1972, Section 1681.

*Founder of Play it Forward Sport and UWS,
Women's Hockey Legend and Title IX Trailblazer
Digit Murphy, Curator of the HERSTORY Museum*
